

BLOCKMAX1

SELF-LOCKING CABLE FALL ARREST DEVICE

FBR10C3

Designed to take on a multitude of vertical applications. The BlockMax1 is built with a heavy-duty thermoplastic housing and incorporates a 5mm steel rope that will self lock in the event of a fall and an energy absorption system located near the snap-hook to rapidly reduce energy for added protection.

Setting up the BlockMax1 is simple with the swivelling anchorage point and self-locking snap hook.

RATING: 140kg

LIFESPAN: Up to 10 Years

CERTIFICATION:
