

Specification Sheet

Sorbent Pillow - Oil Only

Product Code: 09-1000

Product Features

Separating oil from water has never been easier. These generously sized hydrophobic pillows soak up oils and fuels leaving only water behind.

A favourite of New Zealand's environmental agencies and marine-based businesses, Sorbent Pillows have an important job to do helping protect our country's waterways and aquatic life. And safeguarding our ability to enjoy Kiwi favourites like whitebait fritters. (Good work, Sorbent Pillows!)

Light weight and easy to deploy, with a tough outer, these are available in individually and are also a key product in the essential Oil Only Controlco Spill Kits.

Features

- Absorbs oil-based products, fuels, and solvents
- Tough knitted outer for durability

Specifications

- 100% polypropylene
- Colour: white
- Absorbs up to 5L per pillow
