

Just plug charger into socket in kit to recharge all 6 flares at once

IP67 weatherproof housing

16 ultra-bright red/orange LEDs per unit

Magnetic, fixes conveniently to steel surfaces (the flare is shaped so the magnet does not directly contact the surface—no risk of scratching)

Supplied with two chargers for 12V and 230V

RECHARGEABLE LED ROAD FLARE/WARNING DISK

PRODUCT CODE: RF-R6

Esko LED road rechargeable kit of 6 units with chargers

PERFORMANCE FEATURES

LED Road Flares are a versatile safety equipment addition for police, firefighters, emergency teams, truck drivers, and very useful to any motorist in the event of a breakdown or accident. Can be placed inside a traffic cone for highly effective night warning or fit to the top of a cone with the Esko RF-MM mount.
