Hazero Flammable Cabinet – 250L Plus

Product Code: 41-0306

Benefits

It can be a big job managing multiple Class 3 flammable liquids. The potential risks to people and property are pretty obvious, and no one wants that on their conscience, or insurance claim.

Fortunately, there's a solution.

This large capacity, double skinned Hazero cabinet safely meets the needs of businesses who use flammable liquids on a large scale - providing protection against explosions and fires and keeping them out of the headlines!

Note: Although the capacity is 350L, legislation states that no more than 250L of Class 3 may be stored in any one cabinet. The reason for the additional capacity of this cabinet is to allow for larger sized 20L containers to be stored together and/or to store other compatible substances (not Class 3).

Features

- Generous, secure storage for larger flammable liquids containers
- New Zealand designed and fabricated
- Double sequentially-closing doors
- Two adjustable perforated shelves (plus base)
- Easy to clean, built-in sump
- Lockable non-spark closure
- Adjustable feet to keep everything stable
- Hazero Shield of Honour

The Hazero Shield of Honour is more powerful than a "lifetime guarantee".

It means our reputation is on the line not only when a product is sold, but every single time it is used.

If the product doesn't meet your expectations over the next 99 years, we or our descendants (we're a multi-generational company), will refund, replace, or repair it. Free of charge.

You don't need a receipt. Or even a reason. No questions asked.

Naturally, that's so long as you use your Hazero product as intended and in accordance with existing legislation.

Shield your people. Shield your business.
